

Dear Friend of Cornerstone:

A little change  plus a little change  plus a little change  equals  big change in the lives of families in our community.

So, grab an empty CAN, bucket, or washtub and start saving your change to support Cornerstone on North Texas Giving Day, September 20th. You/your kids can use the label we've provided, decorate it and glue or tape it on your container. Or make your own label! Keep it in a handy place and encourage everyone to add something. Kids can do special chores to earn their own change so they can be a part of the fun, too!

Visit us at Cornerstone Monday – Friday, anytime between 9am and 3pm, September 10th to 20th and add your change to the big container. Watch how your change, added to the change of others, grows to meet the needs of people in our community. On September 20th, we will add up all the change and generous donors will provide bonus funds for everyone's gifts.

Remember, the more change,  the more change  we CAN make together.

Please share this information and labels with your friends, family, and neighbors.

You can also go to <https://www.northtexasgivingday.org/cornerstone-assistance-network> September 10 – 20 to make a secure online donation.

Uniting with others in Christian love to meet the needs of people

Thank you,
